WELCOME TO THE WORLD'S ENGLISH LANGUAGE SCHOOL

Imagine the freedom to explore, work and make friends almost anywhere. That's what you gain when you learn English.

Now spoken by a quarter of the world's population, English no longer belongs to native speakers – it belongs to everybody, giving people all over the planet a way to connect and exchange ideas. More than just a language, it's a key that opens up opportunities wherever you go.

At Kaplan, we believe the best way to learn is to go on an adventure. Our immersive English courses not only

offer expert teachers and state-of-the-art learning technology – they help you discover the amazing world around you. Our schools are set in unforgettable destinations across six English-speaking countries – from the energy and drama of New York, and the grandeur and glamor of London to the golden shores of Australia. When you're surrounded by the living language, using it daily with your new friends as you enjoy life in a fascinating new country, you'll absorb English faster than you ever thought possible.

You probably already know what an advantage English can be to your professional life, but when you travel abroad to study, the benefits go much

deeper. You gain confidence and independence, a fuller understanding of other countries and cultures, and you build memories and friendships that will last a lifetime.

It's our privilege to help thousands of students each year enjoy this transformative experience. We look forward to showing you what it means to be one of them.

THE KAPLAN DIFFERENCE

For 80 years, Kaplan has been helping students achieve their potential. We believe in the power of language education to build connections, create opportunities, and enrich lives.

Let us help you build the future you want.

A NAME YOU CAN TRUST

In 1938 Stanley Kaplan established a tutoring business in the basement of his parents' New York home, helping students prepare for university admissions tests. From these humble beginnings, Kaplan, Inc. has grown to become one of the largest providers of education and training in the world. Our test preparation, transnational education, professional and corporate training programs all continue in the tradition of excellence established by Stanley Kaplan.

We now help over one million students worldwide each year to fulfil their academic, professional and personal potential.

SOMEONE TO RELY ON

We'll be there for you every step of the way. Before your course begins, we'll send you all the information you need about your classes, living costs, and insurance. If you wish, we can arrange for one of our trusted providers to meet you when you arrive at the airport and take you straight to your accommodation. Specific staff on site are responsible for student safety and well-being, and a 24/7 emergency helpline is available to students, parents and agents.

ADVENTURES IN ENGLISH

Imagine learning English while you kayak between wild islands, cuddle with a koala, or learn to cook a local dish. At Kaplan, classroom tuition is complemented and reinforced by the life-enhancing experience of exploring the world. Our exciting activities and excursions are not just a fun extra; they are an integral part of the learning journey. As you enjoy all the wonderful experiences your host country has to offer, you gain a deeper immersion in the language, a richer insight into local culture, and a natural focus for practice and discussion. When you've just visited Stonehenge, cycled across the Golden Gate Bridge or skied down the mountainsides of Ontario, you'll have plenty to talk about!

IMAGINE YOURSELF HERE...

You don't have to choose between gaining a life-changing skill and taking the trip of a lifetime. Our schools are set in fascinating cities, historic university towns and beside idyllic beaches. In the USA, Canada, UK, Ireland, Australia and New Zealand, we choose the kind of destinations you've always wanted to visit. In some of the world's most iconic cities, we provide two or more schools, allowing you to build your study-adventure around your favorite landmarks or activities. For example, the views from our school on the 63rd floor of the Empire State Building are breathtaking – but if you're not a fan of heights, you can enjoy New York at ground level from the funky neighborhood of SoHo.

MAKE YOURSELF AT HOME

Seeing the sights and making rapid progress in English are exciting – but it's important to have somewhere to relax. We offer attractive modern residences and comfortable, fully vetted homestays with local families. Carefully chosen with your convenience in mind, many of our residences include features such as en-suite bathrooms, private kitchens and free access to an on-site gym. You'll socialize with fellow students while experiencing the independence of having your own space.

In our homestays you'll enjoy all the comforts of a real home along with a deeper level of language immersion, practicing your English every day with people who live in the country.

OUR UNIQUE APPROACH TO TEACHING

At Kaplan we believe that immersion backed up by expert teaching is the most effective way to learn English. We build a seamless learning experience integrating the power of full immersion, the best of modern teaching methods, and a sophisticated curriculum you can access wherever you are. As you discover all the wonderful experiences your host city has to offer, you'll find yourself practicing what you've learned in the classroom and absorbing new vocabulary every day.

PASSIONATE TEACHERS

We choose educators who combine knowledge of their subject with the ability to engage and inspire. Our teachers are committed to keeping you motivated through lively, interactive lessons designed to prepare you for English in the real world, and take personal satisfaction in helping students grasp complex ideas. Small class sizes allow our teachers get to know you as an individual, and help you build a personal learning strategy that works for you.

360° LEARNING

We constantly update our materials to keep lessons fresh and relevant; class activities could revolve around events in the news or recent movies. We work with the latest technology to ensure your learning process is seamless and intuitive, with no awkward transitions between in-class study and home assignments. Closely integrated with your course books and lesson plans, our package of online learning materials allows you to keep making progress anytime and anywhere.

CUTTING-EDGE FACILITIES

All our schools use state-of-the-art interactive whiteboards to bring exercises from our comprehensive K+ curriculum to life. Our multimedia labs are much more than somewhere to check your email – they're equipped with interactive online tools to help you dig deeper into what you've learned in class. Many of our schools also provide Chromebooks for student use.

“

I was very surprised by the high level of motivation by the teachers; I had never seen anything like that before. All the teachers were very caring and dedicated and always took the time to answer the student's questions and concerns.

”

INTRODUCING K+

Our unique blended learning system was designed by an international team of experts to harness the power of digital, text-based and interpersonal teaching methods. Our books, online resources and clubs work together to help you learn fast – in the classroom, on the move, and at home.

Even when you've finished your studies at Kaplan, you can continue to practice and refresh your skills with a subscription to *K+ Online* and *K+ Online Extra*.

K+ is aligned to the CEFR (Common European Framework of Reference) levels.

“

The K+ approach optimizes the learning of English by applying research-based practices of feedback and group-based learning. In class, K+ maximizes opportunities for students to use their new skills together, receiving feedback from well-trained teachers. *K+ Online* helps students to practice as much as they need on their own, making their in-class and social activities more productive and enjoyable.

KAPLAN'S GUARANTEED PROGRESS

We're so confident in our teaching methods that on selected English courses in the US, UK, Ireland and Canada, we'll make you a promise. Study with us for 10 weeks; attend classes and complete assignments as instructed – and you will advance at least one proficiency level. Not only that, but if you meet our requirements and don't reach that goal, we offer four weeks of extra tuition free.

OUTSTANDING LEVEL-TO-LEVEL PROGRESS

Not all language schools are the same. We're not the only school to offer some form of guaranteed progress. But we're being very specific about what you will achieve. We're not just saying that you will know a few more words, or be a little bit more confident. We're promising a measurable and meaningful improvement: 10 weeks with us – at least one proficiency level.

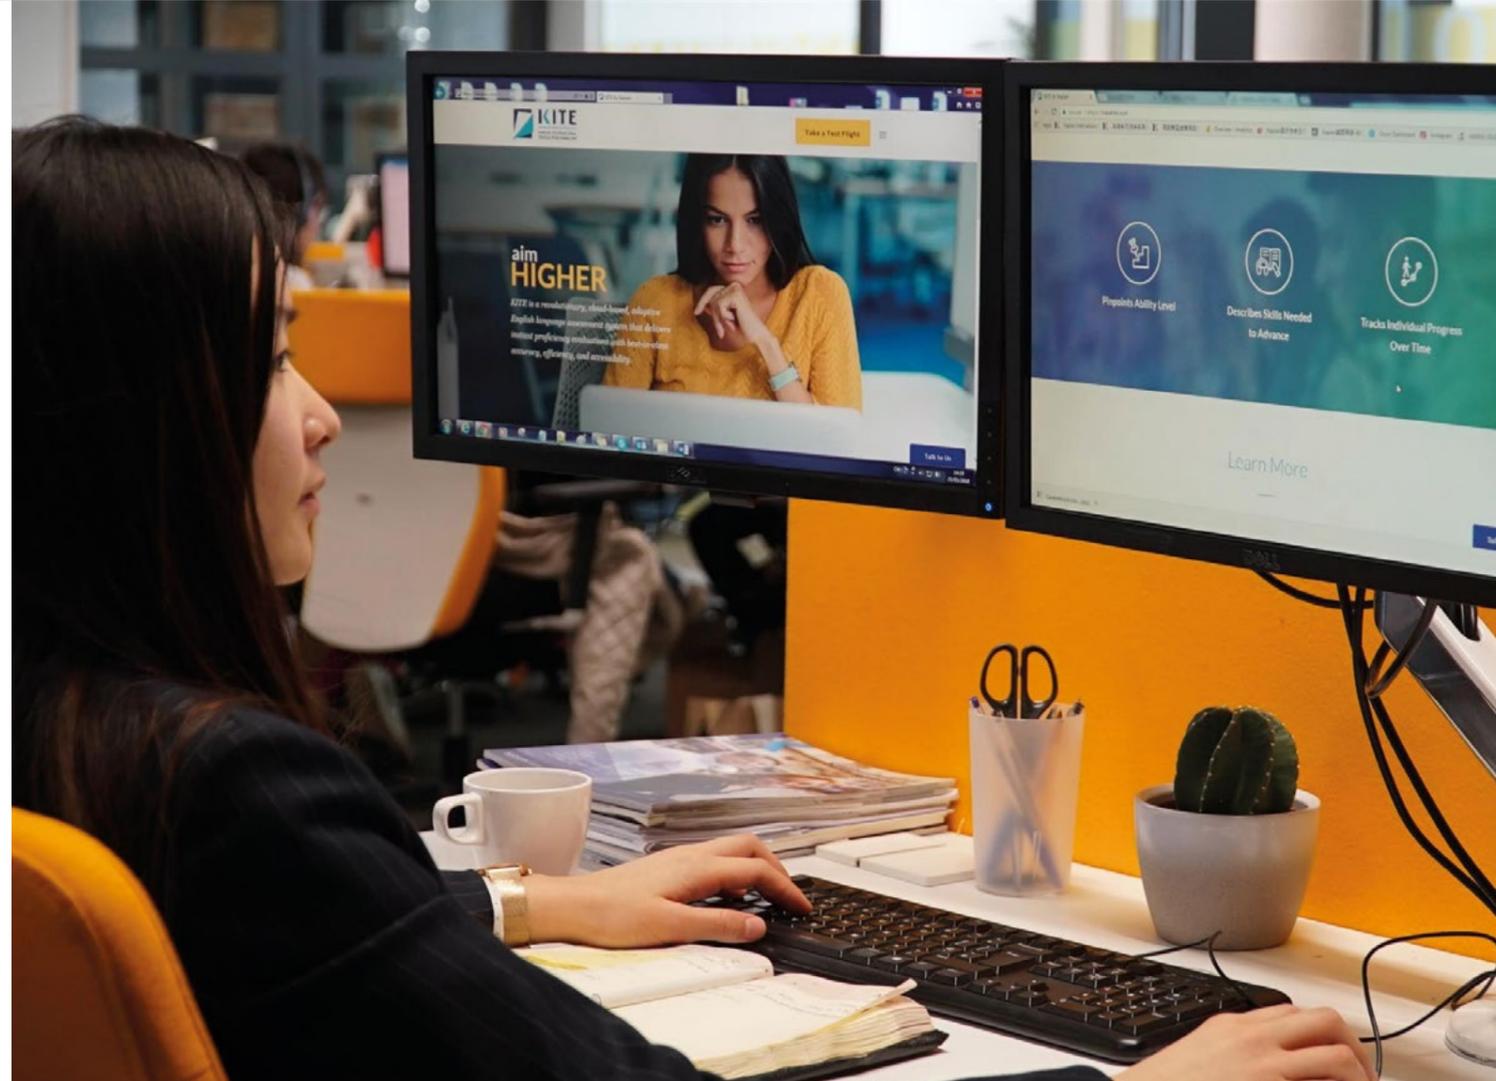

DESIGNED FOR SUCCESS

Our proficiency levels aren't made up to fit our courses: each of our six levels is aligned to the CEFR standards of learning. So when we assess your English, you'll know exactly what your grade means and how much your progress counts.

Can you only advance by one level every ten weeks? Of course not. Many of our students progress much faster. But while we can't promise you'll be one of the highest speed learners, we can guarantee that every 10 weeks, you'll see results that mean something.

STUDENT SUCCESS STORIES

English can open doors to an exciting job, an international career, opportunities for world travel, or further education at an English-speaking university. Here's how past Kaplan students have used their English studies to change their lives and shape their future.

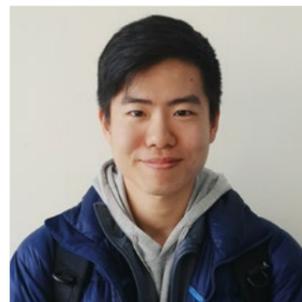

Brazil

DÉBORA GOMES

"I decided to learn English because I wanted to have the experience of studying in NYC and it was unforgettable. I'm now living in Connecticut and taking an online Civil Engineering course. I absolutely think English has helped me! I can now understand movies and series without subtitles, make friends easily, and talk about any kind of subject."

South Korea

MINGI KIM

"I started studying English when I was serving in the military in South Korea. Actually, the reason I started studying was to get a job in Korea because companies normally require an English test score. As time went by, I found studying English interesting, and decided to learn in an English-speaking country."

Argentina

CINTIA FIORE

"As soon as I arrived in Australia from Argentina, I followed the advice of Kaplan Business School to undertake ten weeks of English for Academic Purposes at Kaplan International English, starting from Intermediate and finishing at Advanced. My teachers at Kaplan International English helped me a lot, not only to improve my English skills but also to search for employment and feel settled into the Australian culture. I fondly look back on the conversation classes I used to attend outside of class that allowed me to make new friends and learn more about different cultures. I am also so proud to have been a Student of the Month! Overall, Kaplan International English gave me the confidence to progress straight into my Master's course."

Italy

CAMILLA BORRINI

"My English course at Kaplan really changed my life. One year later, I'm living in Zurich, working for an American company – one of the biggest in the world in its field! Thanks to my improved English, I've had the opportunity to move abroad, advance my career and, most importantly, meet a lot of people from different countries and cultures – that's the most amazing part of speaking the 'language of the world'."

WE TEACH ENGLISH. YOU LIVE IT

When English surrounds you every day, you learn in every moment. It's the tiny things that make studying abroad so special: as you travel to school, grab a coffee with a new friend, or relax each evening, you'll be using your new vocabulary and gaining more – whether you notice it or not.

Our dedication to your learning experience doesn't end in the classroom. Our exciting tours and activities and our comfortable accommodation options are designed to help you experience a deeper, richer immersion. Whether you're waking up to breakfast with your friendly hosts, chatting over lunch with your international friends, enjoying a weekend city break or playing volleyball on a local beach, you'll be gaining confidence in English, and building memories that will last a lifetime.

ACCOMMODATION OPTIONS

Where you live while you study will make all the difference to the experience you have, the friends you make, and your sense of comfort and security. We know it's an important part of your decision. Kaplan is committed to finding the highest-quality student residences and homestays — those where you'll feel the most at home.

WHY WOULD I LIKE A STUDENT RESIDENCE?

Living alongside other students is the perfect way to make friends and share ideas and experiences (as well as recipes!) from around the world. Most residences are self-catering, so it will be your choice to cook or eat out at the local restaurants and cafés. You can enjoy your independence as most locations offer options such as residences, apartments, studios, or hostels with a choice of single, twin, or dormitory-style rooms.

JOIN A FRIENDLY INTERNATIONAL COMMUNITY

“ I LIVED WITH MY CLASSMATES IN A TOP CLASS RESIDENCE – YOU ALWAYS HAVE COMPANY AND YOU ALWAYS HAVE SOMETHING TO DO. AT THE RESIDENCE YOU CAN MAKE FRIENDS FROM ALL OVER THE WORLD, MANY WHO I'M SURE I'LL SEE AGAIN IN THE FUTURE. ”

Juan Jose, Mexico

WHY WOULD I LIKE A HOMESTAY?

Living in a homestay gives you the chance to practice your English every day in a relaxed atmosphere and enjoy the warmth and comforts of a real home. You'll have breakfast and dinner with your hosts and fully immerse yourself in a new culture. All of our homestays are inspected to ensure they're comfortable and welcoming, and we choose hosts who are well-suited to caring for international students.

SETTLE INTO A REAL ENGLISH-SPEAKING HOME

“ MY HOST FAMILY WAS INCREDIBLE. THEY WERE INTERESTED IN US, ASKED QUESTIONS, WE WERE ABLE TO EAT WITH THEM, AND THEY PICKED US UP AFTER THE DIFFERENT OUTINGS. THEY REALLY TOOK CARE OF US AND MADE SURE THAT WE FELT COMFORTABLE. THIS ALLOWED US TO PRACTICE OUR ENGLISH EVEN MORE AND TO IMPROVE EVEN QUICKER. IN MY OPINION, LIVING WITH A FAMILY ONLY HAS ITS BENEFITS. ”

Chloé Truelle, France

YOUR EXCITING SOCIAL PROGRAM

Explore the city, make new friends, and gain a deeper immersion in the English language with our exciting events and activities. All our schools offer a packed schedule of things to do, from movie nights and dinners at local restaurants to tours of national landmarks and weekend trips abroad. From the moment you wake up until the end of the day, there are so many opportunities to improve your English, explore your surroundings, and build lasting friendships. Each day at a Kaplan school is a fantastic opportunity to enjoy the experience of learning abroad.

Here's what your day might look like.

7.00-8.00AM

GET STARTED!

Start your day with a nutritious breakfast. If you're living in one of our homestays, you'll be able to practice your English with your host family from the moment you wake up.

In our residence, you'll be able to enjoy some breakfast with your roommates in the communal kitchen and practice English over coffee and toast.

8.00-8.30AM

GO TO SCHOOL

Our homestays can be as little as a 30-45 minute commute, and public transport will be nearby. Travel like a local! It's a true cultural experience.

All Kaplan residences are located close to school and public transport so it should be an easy trip. You may even be able to walk.

8.30-11.45AM

CLASS TIME

We make sure your Kaplan classes are small and focused so you get the best chance to learn and interact with your teachers. You'll have two 90-minute English classes and a short break where you can socialize. Examine fundamental skills like reading and pronunciation.

11.45-12.30PM

LUNCH TIME

You can eat at the school or explore the local restaurants and cafés. It's a good opportunity to practice your listening skills, pick up conversational tips, and learn from the English speakers around you.

12.30-2.00PM

SPECIFIC SKILLS

This is your chance to learn about the subjects that really interest you. Kaplan's Specific Skills classes cover a range of topics such as current affairs, literature, film, and many more.

2.15-3.45PM

STUDY AFTER CLASS

You can study online with *K+ Online* and *K+ Online Extra*, either at the study center at your school, or in your homestay or residence.* In fact they are accessible online, on the move, and all the time.

*In the USA all lab work must be undertaken at the school.

3.45-6.00PM

SOCIALIZE AND EXPLORE

No matter where you study you will always have time to enjoy the city you are in, explore the local surroundings, visit interesting sights nearby, or just go shopping. Take an afternoon trip with your classmates and try out the English you've learned in class.

6.00-7.00PM

DINNER

Back at your homestay you can share a home-cooked meal with your host family and tell them all about your day – in English!

At your residence you can try your hand at cooking, swap recipes with your roommates, or head to one of the many restaurants on your doorstep.

7.00-8.00PM

EVENING ACTIVITIES

There might be a social event organized by the school, or you could just be ready to take it easy and catch up with family and friends back home.

At your homestay you can relax and enjoy all the benefits of a comfortable family home for the evening.

In the residence, you'll have time to chat with your roommates, exchange news, and prepare for another day of amazing experiences.
